Seligram Case Study Solutions 1278 Words | 6 Pages. 1) What caused the existing system at ETO to fail? This system was based on the assumption that direct costs and overhead are consumed in the same proportion for all product testing. However, this is not the case and therefore the system failed. For example, due to the implementation of the vendor certification and the just-in-time delivery, some products are already tested and do not need any further tests, and ETO faces a decreasing ...
