### **Shame on It All: A Novel by Zane - Books on Google Play**

Shame on it all is a story of three sisters that go through their sibling rivalry but when

they really need each are there for each other. Zane is by far one of the best authors I have read. She knows how to take a story and run with it. This book has serious drama in the name of illness, marriage problems and revenge. But through it all these sisters stick by each other as well as their friends. It reminded me of my friends that are close to me now and only a phone call away.
