All communication involves acts of stance, in which speakers take up positions vis-à-vis

the expressive, referential, interactional, and social implications of their speech. This book brings together contributions in a new and dynamic current of academic explorations of stancetaking as a sociolinguistic phenomenon. Drawing on data from such diverse contexts as advertising, tourism, historical ...

This book examines, from an applied sociolinguistic perspective, and with reference to television, the particular kind of "artificial" talk that we know as dialogue: onscreen/on-mike talk delivered by characters as part of dramatic storytelling in a range of fictional and nonfictional TV genres. As well as trying to identify the place that this kind of language occupies in ...
