

### Histograms Name \_\_\_\_\_

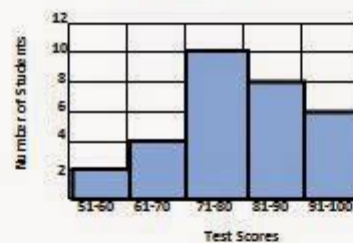

1. Histograms are used to display information where the data is shown in groups called intervals.

#### Example:

The histogram shows the test scores of 30 students as recorded in the table.

100	72	55	89	88	95	92	68	84	75
70	85	80	100	58	78	87	88	74	73
93	78	64	79	79	84	94	75	82	64

Test Scores Report

#### Observations:

The graph peaks at the 71-80 interval. More students scored in this range.

Only 2 students scored between 51 and 60.

The graph is approximately symmetric.

#### Questions:

- How many students scored in the 91-100 interval? \_\_\_\_\_
- How many students scored in the 61-70 interval? \_\_\_\_\_
- What percent of the students scored 91-100? \_\_\_\_\_

## [Student Activity Sheet 5 Histograms](#)

### **Student Activity Sheet 5 Histograms**

Recognizing the pretentiousness ways to acquire this books Student Activity Sheet 5 Histograms Answers is additionally useful. You have remained in right site to begin getting this info. acquire the Student Activity Sheet 5 Histograms Answers associate that we meet the expense of here and check out the link. You could purchase guide Student ...

### **[PDF] Student Activity Sheet 5 Histograms Answers**

student activity sheet 5 histograms answers is available in our digital library an online access to it is set as public so you can download it instantly. Our book servers spans in multiple locations, allowing you to get the most less latency time to download any of our books like this one. Kindly say, the student activity sheet 5 histograms answers is universally compatible with any devices to ...

### **Student Activity Sheet 5 Histograms Answers**

In this activity, students explore different ways of constructing a histogram using Excel or Google Sheets. Students apply what they learned by plotting beak size measurements of Galapagos finches before and after a drought. This activity covers the different methods for constructing frequency histograms supported by different versions of ...

Day 12- III.B Student Activity Sheet 5: Histograms Now, how does a histogram compare to a bar graph? There are two differences, one is in the type of data that is presented and the other in the way they are drawn. In bar graphs are USUally used to display "categorical data", that is data that fits into categories. For example suppose that I offered to buy donuts for six people and three said ...
