leadership and leadership training. Most student groups approach these questions from the framework of past centuries, not yet recognizing the new leadership models that have emerged in recent times. As we will see in later sections, student groups in college can serve as important venues for training members in the new grassroots model of "Shared Leadership" that is now being practiced by ...

Transactional Leadership This style of leadership is based on a simple premise: that people are motivated by reward and punishment. It also assumes that systems work best with a clear chain of command. In essence, transactional leadership says that when you, as a team member, agree to do a job, you cede all authority to the leader. This is

Coaching Workbook 2 1 Coaching 1.1 Background The English term "coach" traces its origins to the Hungarian word kocsi meaning "carriage." The first use of the term coaching to mean an instructor or trainer arose around 1830 in Oxford University slang for a tutor who "carries" a student through an exam. Coaching thus,
