The Blood of Strangers is a collection of true stories (albeit with a liberal sprinkle of fiction) from the emergency ward, as seen by the author, Anthony Huyler. Forget Casualty or ER, this is the real thing and at times far more visceral. Anthony Huyler seems to have a way with words and medicine. His tales bring us stories that touch the heartstrings far better than any episode of Casualty ever could. Unlike these TV hospital dramas this feels like the real thing and the ...
