Buy in the UK | Buy in Canada: In 1210, fifteen-year-old Elena, a villein, was abruptly promoted from field hand to tiring maid to Lady Anne, widow of the lord of Gastmere manor, a post for which she would seem to be singularly unqualified. But chiefly for me, the interest in The Gallows Curse lies in its exploration of what the world would be like if all of the folk beliefs in the Mandrake's Herbal were true, if sniffing a marigold every morning would keep you from getting sick, if carrying certain seeds made you invisible, if tying a sack of live mice around your neck would get rid of a cough, etc. Maitland does a pretty good ...

Karen Maitland weaves a vivid story and the sections describing folklore (some of which is still practiced to this day) suggest she has done a great deal background research. I enjoyed David Thorpe's reading but ...
