The Machine That Changed the World (book) - Wikipedia

The Machine That Changed the World; The Story of Lean Production A great book that although becoming a little outdated portrays the ongoing trends in the automobile production industry in three major cultural areas. The three areas are;the Asian lean production (Toyota) v.s. the American system,(mass production) v.s. the European craftsman system. On a larger scale it will and is affecting manufacturing everywhere.

The Machine that Changed the World - MIT

This five part series takes viewers on an absorbing journey from the dawn of the computer to the early 1990s. It was released in 1992 so unfortunately it missed the start of Win95 and the boom time of world wide web. Very little time is spent on modern day personal computers with the PC and Mac so for me it's a bit dull to watch.
