The new terrarium : creating beautiful displays for plants ...

With gorgeous photography, The New Terrarium reveals how this classic garden tool has been reimagined in a modern way. When encased in glass, plants thrive with almost no help from outside their little enclosed world, so you can host a plant almost anywhere—in your apartment where the air is dry or in your cubicle where there's little natural light. Tucked inside something crystal and contained, the bounty of the forest or treasures from the beach or the meadow can merge seamlessly into ...

The new terrarium : creating beautiful displays for plants ...

The New Terrarium offers practical advice on planting inside every type of glass container, what plants work best, what problems might arise and how to correct them. The photos are all in color and the prose is humorous and informative. It may seem a little pricey, but it's worth the money; it's both a good plant book and a decorating guide.
