The Sales Bible Ultimate Resource

The Sales Bible is a very comprehensive book that covers all aspects of the sales cycle. Whether you work in a large company with a rigid sales process or a small company selling new products this book will help. I haven't read any of Gitomer's other books and found this one to be the latest; hence why I bought it. Generally what I have found with authors is that they incorporate all the relevant and good aspects of previous books into the latest book.

Even if you own the original (like I do) this new version is well worth the investment.

Read it straight through or pick the sections you want to concentrate on-during first or subsequent readings. The Table of contents is well-organized, with depth, to ...
