The Wisdom of Teams is among this few. In this book, first published by Harvard Business School Press in 1993 and re-released in 2015 as a perennial classic edition, Katzenbach Center founder and PwC Managing Director Jon Katzenbach and his co-author Douglas K. Smith argue that we cannot meet the challenges ahead, from total quality to customer service to innovation, without teams.

The Wisdom of Teams presents Katzenbach and Smith's contention that real teams are the best approach to building a high-performance organization. The authors blended together their highly detailed framework for team development with examples of how several corporations successfully or unsuccessfully implemented these team principles. While acknowledging that teams may not be the best solution for every organization's problems, the authors unashamedly insisted that businesses do themselves a ...

We also quickly recognize how rare such opportunities have been. THE WISDOM OF TEAMS is a guidebook to creating a high-performance organization built around high-performance teams. Teams must have the right blend of complementary skills, including technical or functional expertise, problem-solving and decision making skills, and interpersonal skills. "It is surprising how many people assemble teams primarily on the basis of personal compatibility or formal position in the organization." [48 ...
